Giving Your Best

Q. What do Anne Frank, Pablo Picasso and Todd Armstrong all have in common?

A. They understood what St. Francis of Assisi said centuries ago: “For it is in giving that we receive.”

Yes, three very different people from very different backgrounds:

Anne Frank- a young girl who chronicled her time living in hiding from the Nazis. For years, Anne saw the best in humankind, instead of succumbing to believing the worst. Her simple mindset: “*No one has become poor by giving*” is a belief that we all know to be true.

Pablo Picasso- An eccentric, gifted artist whose disjointed paintings turned the art world on its ear. His belief, “*The meaning of life is to find your gift. The purpose of life is to give it away*” is something we all aspire to... even those of us who are uncertain how to use our gifts to benefit others.

“The meaning of life is to find your gift. The purpose of life is to give it away”

Before Beth passed away she and Todd discussed giving their best... Their **BEST acre** at their **BEST price/bushel**. In honor of Beth, Todd did exactly that a year after she passed and directed his gift to the Todd and Beth Armstrong Youth Development Fund, since giving back to our community to help our youth was their passion.

As Todd has told us, “Even though we have been through a hardship, we are still very blessed. Beth was a very giving person and this is my way of continuing her legacy.”

You don’t have to use Google to find ordinary people doing extraordinary things. They are right here in Washington County.

“No one has become poor by giving.”

“I am giving my best!”
