Donors like you are helping our county residents have access to Public Wifi!

Thanks to a Digital Towns Grant from Regional Opportunity Initiative and in collaboration with the City of Salem, Jackson County REMC, the Washington County Community Foundation, and the Washington County Commissioners & employees, the dream of having free public WiFi is now a reality.

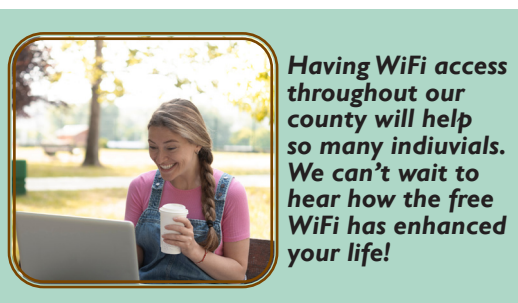

You now have free WiFi access on the Salem walking trail, Salem public square, and in Pekin Park. Having this access helps our residents, visitors and business owners by increasing foot traffic, having a place to do homework, and so much more. All can listen to podcasts, work outside on their laptops, and be able to look up local restaurants and places to shop.

This grant is great for residents and visitors. Having access to free Public WiFi is a modern need and resource for many. This amazing asset will help visitors share about their stay, find local shops to support, read about our local history, and many other wonderful opportunities that our county can offer while they are visiting.

The Digital Towns Grant also allowed us to host two workshops on “Tools for Technology”. These workshops focused on the usage of iPhones, Zoom Calls, how to send pictures and emails, and other technology-based tasks. This workshop was open to county residents of all ages and had great attendance. Many residents came to both the fall and spring sessions to gain a deeper understanding of current technology!

Mark McKinney, CEO of Jackson County REMC, Judy Johnson, Executive Director of the Washington County Community Foundation, Justin Green, Mayor of Salem, pictured with many that attended the Ribbon Cutting for the Free Public WiFi on May 22.

Having WiFi access throughout our county will help so many individuals. We can't wait to hear how the free WiFi has enhanced your life!

“We are grateful for the collaboration and support from all stakeholders involved in this project. This accomplishment demonstrates our collective commitment to promoting a vibrant and connected Washington County. If you want to go fast, go alone; if you want to go far, go together.”

- Judy Johnson
Executive Director of the
Washington County Community Foundation

Working Together to Create a **Brighter Future** for Washington County Residents.

All these people have funds with the Washington County Community Foundation that award scholarships.

This year they will help to provide **\$200,660.00** in scholarships for students from our community.

Imagine being able to help others obtain a college degree, year after year...**FOREVER**
Create your Legacy through the Washington County Community Foundation.

Future generations will love you for it.
